

# Capability Statement

## Company Overview:

**Ebenezer Electric LLC, established in 2008, is a SWaM-certified, Class “A” licensed contractor specializing in commercial and industrial electrical contracting. We are licensed, bonded, and insured in Washington, D.C., Virginia, and Maryland. Our mission is to deliver safe, efficient, and high-quality electrical solutions tailored to each client’s needs.**

## Core Competencies

- **Electrical Installations:** Specializing in switchboard and panelboard replacements and upgrades. Expert installation of lighting systems, conduit, wiring, and more. All in full compliance with national and local codes.
- **Generator Installation:** Installation and maintenance of backup power solutions, including diesel and natural gas generators.
- **General Contracting (Commercial):** Specializing in electrical upgrades and improvements, with end-to-end project oversight.
- **Project Management & General Contracting:** Managing full-scope electrical projects including design-build, subcontractor coordination, and quality control.
- **Maintenance & Repairs:** Full-service electrical maintenance including diagnostics, emergency repairs, and preventive services.

## Differentiators

- **Certified Professionals:** Highly trained and certified electricians with a focus on innovation and compliance.
- **Commitment to Safety:** Strict adherence to OSHA standards and internal safety procedures.
- **Client-Centric Service:** We customize solutions through active client engagement and a results-driven approach.
- **Proven Experience:** Successfully completed complex, high profile projects across government, institutional, and commercial sectors.
